LED PAR20 LED LAMP

The PAR20 is a highly efficient LED lamp which uses only 7 watts of energy, significantly reducing your carbon footprint while maintaining a very high quality of light. It is ideal for retail lighting, residential lighting, recessed lighting and architectual lighting. All Maxlite LED products are RoHs compliant, and contain no mercury.

FEATURES:

- Lumens: SKR2007FL: 350 Lumens / SKR2007SP: 345 Lumens
- 7 Watts
- 120V / 60Hz
- 3000K
- 25,000 Hour Life (L70)
- 80 CRI
- Solid aluminum housing for thermo heat protection
- Color matched LEDs
- 5 Year Warranty
- Dimmable 5%-100%
- Aluminum Finish
- Available in Spot or Flood beam Angle
- Suitable for damp locations

SKR2007SPDLED30

CONSTRUCTION:

LEDs: All LEDs are matched for color and CRI. The stated 25,000 Hour life is based on functional light quality. After 30% lumen depreciation MaxLite considers the functionality of the lamp to be ended. That is end-of life. Even though the lamp is still at 70% of initial lumens.

Housing: The body of each lamp is solid aluminum. The aluminum acts as a heat–sink providing thermo heat conductivity. This keeps the LED junction temperature at optimal levels. The lamps stay cool and the lumens are maintained for longer life.

Base: The PAR20 has a standard E26 Base.
