

Plastic In-Use Covers

Flexible and easy to install, Flexi-Guard “While In-Use” Covers are ideal for single-gang, two-gang, horizontal and vertical outdoor applications in a wet location.

- Ensure compliance with Article 406.8(B)(1) of the 2005 National Electrical Code which states that 15 and 20 Ampere, 125 and 250 Volt receptacles installed in a wet location shall have an enclosure that is weatherproof whether or not the attachment plug cap is inserted.
- Meets UL and CSA Cold Impact Testing at -60°F (-51°C)
- Clear, gray or white polycarbonate covers
- Black UV stabilized polycarbonate base
- Pre-adhered neoprene gasket
- Patented inserts for all wiring devices
