PRODUCT!

“Eliminates Mosquitoes and other flying insects”

Mosquitoes carry the West Nile virus which can trigger fever, meningitis and even death!

Paracclipse Mosquito Eliminator

The unique design of this outdoor unit uses **Ultraviolet Black Light** technology combined with specially formulated attractants.

Mosquitoes and flying insects are lured into the unit where they are captured on the patented auto advancing cartridge trapping system.

No zap, harmful chemicals or pesticides.

Designed for use in:

- Outdoor Restaurants
- Golf Course Patios
- Public Garden Areas
- Food Preparation Areas
- Outdoor Eating Areas
- Horse Barns
- Poultry and Egg Ranches

Combines ultraviolet black light and special attractants to lure mosquitoes and flying insects and a large capacity, exclusive 30 day auto advancing replaceable cartridge.

Commercial/Industrial, Multi-Function Mosquito Trap

FEATURES

- Decorative unit.
- Proprietary black light technology combined with special attractants.
- Exclusive automatic advance 30 day cartridge trapping system.
- Versatile design.
- Fresh sticky surface and attractants released continuously.
- The trapping system is environmentally friendly and meets applicable guidelines.

BENEFITS

- Customers unaware that it is a mosquito/flying insect trap.
- Attracts mosquitoes and other flying insects.
- Replaceable/disposable cartridge eliminates large quantities of mosquitoes/flying insects.
- Can be wall mounted or free standing.
- No scattered insect parts from electrocution and no hazards from chemical pesticides.
