LIQUID COMPOST SOLUTION

Benefits of using AquaShield:

- Assists in strengthening your clones' root masses.
- Increases transplant survival rates.
- Assists mature plants in maintaining a healthy root zone.
- Keeps roots white, crisp, and shiny.

AQUASHIELD™

Liquid Compost Solution

AquaShield™ can be used throughout a plants life cycle in soil gardens, and in hydrogardens to create a natural and beneficial growing environment. AquaShield™ will assist in strengthening your clones' root masses and offers the best chance of survival when transplanting. AquaShield™ also helps mature plants to maintain a healthy root zone for optimum plant performance.
