

ELYSL-5001C

LED Shop Light Fixture

Energetic Lighting's ELYSL series of LED shoplight fixtures are designed to emulate the look and feel of traditional 4-foot dual 32 watt fluorescent T8 tube shoplights, but operate at a significantly lower wattage. This LED fixture runs at an economical 48 watts while providing an equivalent amount of light to traditional fluorescent formats. Designed for hook and chain suspended mounting applications with a standard grounded power plug. Combining a durable steel housing body and an LED lifetime rating of at least 35,000 hours, this rugged shoplight is designed for many years of reliable operation.

Features

- No UV or IR radiation
- Minimalistic and efficient design
- Mercury-free construction
- Suitable for Damp Location use
- Standard grounded power plug
- Hook and Chain suspended mounting

Applications

- Garage and Commercial spaces
- Overhead task lighting
- Workshop lighting
- General lighting
