

Features

Air Cooled Reflector features exterior hammer-tone reflector wings for expanded growing area

- Hammer-tone reflector creates uniform illumination while eliminating hot spots
- Horizontal lamp orientation with reflector wings to allow for an expanded growing area is a great choice for economical applications
- Narrow profile reduces shading underneath the fixture and makes the WX6 a perfect choice for supplemental greenhouse lighting
- Efficient thermal dissipation draws airflow directly over the socket and lamp, reducing both the temperature of the lamp as well as the housing
 - 6" push/pull duct
 - Cooler lamps and housings reduce heat load issues and the costs associated with resolving them

Exceptional housing quality ensures reliability and durability, minimizing down time due to maintenance and cleaning

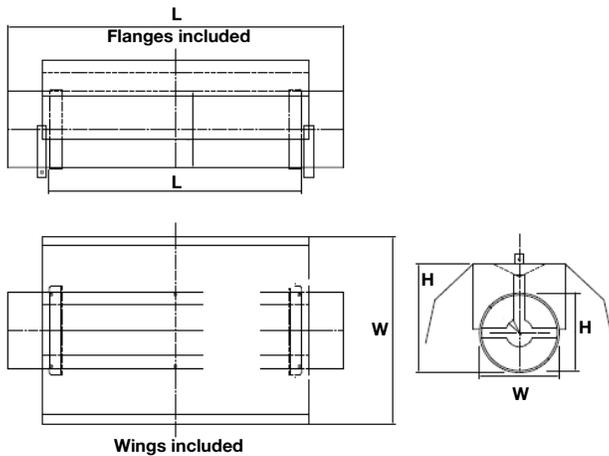

- Lightweight design
- Fully sealed tempered glass tube
- Standard with 15' cord and ballast plug
- One (1) pair of V-hooks for mounting
- 250-1000w MH/HPS
- UL listing Pending

Dimensions: L 19.50"x W 7.25"x H 7.25"

Flanges & Wings included: L 26.00"x W 14.50"x H 8.25"

Weight: 10lbs / 4.54 kgs

Item No. GLH-CT-6

Lamp and ballast not included
