## PRE-LIGHTED TREE INSTRUCTION MANUAL

### HOW TO ASSEMBLE:

- 1) Before starting to assemble your tree, choose a place near a wall outlet for the pre-lit tree.
- 2) Remove the tree from the carton.
- 3) Place the metal tree stand on a level surface, and open the metal tree stand as attached instruction manual.
- 4) Carefully insert bottom section (D) of tree into the metal tree stand.
- 5) Make sure the pole is firmly inserted into the stand and screws are tightened.
- 6) Insert lower middle section (C) of tree into bottom section (D).
- 7) Insert upper middle section (B) of tree into lower middle section (C)
- 8) Insert top section (A) into upper middle section (B).
- 9) Connect light set plug from top section (A) into extension cord mounted in upper middle section (B).
- 10) Locate end of extension cord from upper middle section (B) and plug into lower middle section (C).
- 11) Locate end of extension cord from lower middle section (C) and plug into bottom section (D).
- 12) Locate end of extension cord that hangs down from bottom section (D) and plug into wall outlet.
- 13) Allow the branches to fall into place or gently pull branches up and out.
- 14) Shape the branches. Starting with tips closest to the pole, shape one tip to the right, one to the left, and one at the center of the main stem. Repeat pattern for each branch.
