

ImproveLite™ A19 LED

Warm White A19 LED Replacement Lamp

A19 LED

Description

The ImproveLite™ A19 LED lamp is a contractor grade version of our EnhanceLite® GEN2 A19 lamp design. It has been designed specifically for down lighting applications as a direct replacement for a 40W and/or 60W incandescent lamp. These lamps are intended for use in hospitality, retail and office applications. The ImproveLite™ A19 is available in a 3000K warm white color temperature and is dimmable down to 15%.

Features & Benefits

- Recycled Reflectance™ optics & proprietary color mixing ensures minimal optical losses, high lumen output and high CRI
- Dimmable
- All lamps are TÜV certified and tested to UL 1993, UL 8750 and are FCC certified
- Lamps are free from Mercury and Lead
- Multiple patents granted and pending
- 3 year warranty
