

Floralicious® is a special blend of bioactive plant, marine and mineral extracts. Our unique fermentation process unlocks the potential for growth while releasing superior aroma and flavor. Floralicious Bloom is great for hydroponics and soil.

Floralicious Bloom promotes maximum flower size and fruit swelling for heavy yields, while enhancing essential oil production. Offers phenomenal flavor and bouquet upon harvest.

Floralicious means plants with incredible flavor and extraordinary yield!

DIRECTIONS:

As Nutrient Additive:

Add to nutrient solution at the rate of 1 teaspoon per gallon (1.25 ml per liter). Renew with each nutrient change.

As a Foliar Spray:

Add 1 to 2 teaspoons per gallon water (1.25-2.5 ml per liter). Spray foliage lightly, particularly the bottoms of leaves. Use weekly in addition to your regular fertilizers.

For best results in hydroponics, keep nutrient solution well aerated.

KEEP OUT OF REACH OF CHILDREN

STORE IN A COOL DARK PLACE
