FIRST ALERT®
SMOKE ALARM WITH TWO-YEAR NON-REPLACABLE LITHIUM BATTERY AND END OF LIFE NOTIFICATION FEATURE
Model: S902DL

INTRODUCTION

Thank you for choosing First Alert® for your Smoke Alarm needs. You have purchased one of the best Smoke Alarms on the market. The built-in lithium battery and long-life sensor mean you can depend on the Smoke Alarm to protect you and your family for years to come.

TO INSTALL THE SMOKE ALARM:

1. Select the position for the Smoke Alarm. The Smoke Alarm can be installed on ceilings or on a wall at least 4 feet above the floor or 8 inches below the ceiling. If your Smoke Alarm has a test button, make sure you can reach the test button easily.

2. The Smoke Alarm is designed to be installed on the ceiling. 

3. Mounting bracket is included with your Smoke Alarm. To mount the Smoke Alarm on the ceiling:

a. Choose a location where the Smoke Alarm will be as high as possible, but not touching the ceiling fan, or any other object.

b. Insert the locking pin into the Smoke Alarm.

c. Place the Smoke Alarm onto the mounting bracket. See “How to Install This Smoke Alarm” for details.

WARNING:

Do not install Smoke Alarms in any room where flammable materials or gas appliances are present. This includes kitchens, bathrooms, laundry rooms, garages, and utility rooms. Smoke Alarms are not designed to be used in garages or on the ceiling of bathrooms or laundry rooms.
