CREE

The Biggest Thing Since the Light Bulb.™

Cree® LED BR30 flood lights look and light like the incandescent bulbs you love. Backed by our 10-year warranty, Cree LED BR30 flood lights shine wide and bright, while using at least 85% less energy and are designed to deliver up to 25,000 hours of light for your home or business.

The perfect replacement for incandescent bulbs in track and recessed fixtures at a price you can afford, Cree LED bulbs pay for themselves quickly and then pay you year after year.

What makes them great?

- BR30 bulb style (*weighs 6.5oz. and uses a standard E26 screw-in base.*)
- Affordably priced compared to other LED bulbs on the market.
- Save money now and save money later. Uses at least 85% less energy than an incandescent.
- Built to light and last. Covered by Cree's industry-leading 10-year limited warranty.
- Safety coated glass for shatter resistance provides a protective shield to safely contain the glass if the bulb should break.
- 25,000-hour lifetime compared to about 1,000 hours for typical incandescent.
- Perfect for indoor and outdoor lighting. (*Suitable for damp locations, but not for use where exposed directly to weather or water.*)
- Dimmable with most standard dimmers. Give the electrician the day off.
- Instant-on light.
- Mercury free.

Available in **soft white (2700K)** and **daylight (5000K)** color temperatures, Cree LED bulbs can be purchased online.

Great bulb.

Great price.
