

LED A19

The Biggest Thing Since the Light Bulb.™

CREE 

Brilliantly Designed, Energy Efficient, Long Lasting LED Bulbs.

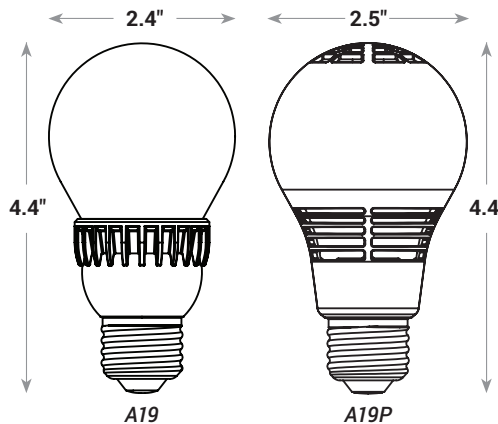

The Cree® LED A19 75W, 60W and 40W equivalent bulbs deliver up to 1100 lumens of warm 2700K light or cool 5000K light at up to 89 lumens per watt. These lamps are ENERGY STAR® qualified and designed to last 25,000 hours while consuming at least **85% less energy when compared to the incandescent bulbs they replace.**

Designed with either Cree LED Filament Tower™ Technology or 4Flow™ Filament Technology, the Cree bulbs feature a consistent and balanced omnidirectional light source in the same location as a traditional filament – in both plastic and real glass bulbs. The bulbs turn on instantly and are compatible with most standard incandescent dimmers.

***Lifetime Savings over \$100!**
