

BLT Series

Best-in-Value Low-Profile LED Luminaire

Looks To Kill.
A Price That Doesn't.

The BLT Series offers a clean design, shallow fixture-depth and reliability of a brand you trust—all at an attractive price.

- Replaces 2- or 3-lamp fluorescent fixtures
- Energy savings of up to 60%
- Slim 2-3/8" profile fits restrictive plenums and optimizes pallet space
- Clean, neutral design ideal for commercial applications and distributor stock
- Dimming down to 10%

BLT Series LED Luminaire

Jobsite-friendly benefits make it easier to get the job done.

With its low-profile design, the BLT offers greater installation flexibility, especially in **applications where plenum space is limited**.

The BLT stacks up. The low-profile form **allows more fixtures to fit on a single pallet**, saving space—50% on average—and lowering overall transportation costs.

*Stock models do not include decorative trim rings
