

Product Description

Baytown II Solar Lamp Post with EZ Anchor and Planter Base

Standing 75 inches tall from finial to the bottom of its planter base, the rust-resistant lamp post requires no electrical wiring for installation.

The GS-105PLSG can is a freestanding item that can be placed anywhere you want it, and if you wish to better secure it to the ground, you can easily do so with our revolutionary EZ-Anchor mounting system.

The included EZ-Anchor base makes setup tool-free in just minutes. No digging or cement required. Just use the included auger and turning bar to put the EZ-Anchor in the ground where you want it, and let the sun do the rest.

Light Temperature: Our Baytown II Solar Planter features a light temperature switch to better meet your needs and light color preference; Warm light or bright white temperature can be selected with a press of a button.

Solar Powered: Just set our Baytown II Solar Planter at your desired location, and let the sun do the rest. The solar lights internal Lithium Ion battery packs is charged when sunlight hits the integrated solar panels. At dusk, the light turns on automatically and shine at 130 lumens.

Planter application: This 15-Inch square Planter is the perfect companion piece for your patio, pool, or deck, showcasing your floral creations anywhere you chose to.

Dusk to Dawn: This Solar Light fixture is designed for dusk to-dawn-operation after its batteries have been fully charged during the day.

Durable and Weather Resistant: Made from rustproof, rugged UV-protected ABS poly-resin resin; Monocrystalline silicon solar panels are protected by durable, cleanable tempered glass for long-lasting performance.

Beyond providing a superior combination of light brightness and duration, Gama Sonic solar light fixtures are known for their physical durability. The monocrystalline solar panel is protected by weather-resistant, cleanable tempered glass that helps ensure long-lasting reliability.

Built to Last: At Gama Sonic, our goal is to build the world's best solar lights by providing long lasting light fixtures that are simply built to last! Every light fixture has an integrated Lithium Ion battery pack that is good for about 1,000 charges. Once the battery exceeds its life – all you will need to do is simply replace the battery and you are good to go for the next 3 years.

Do not locate the light fixture in a shaded area: Recharging speed will vary based on weather conditions, but no charging will occur if direct sun does not shine on the solar panel.

Full Technical Specs – Baytown II Solar Lamp Post with EZ Anchor and Planter Base

Model #	GS-105PLSG
LED Color	6000K/2700K
Lumens	130

# of LEDs	10 (5 LED's for each Light Temperature)
Battery	Li-ion
Voltage	3.2V
Battery Capacity	1500 mAh
Power Source	Mono-Crystalline Solar Cell
Solar Panel	3.2W
Light Duration	Up to 10 hours
Measurements	15.5 x 15.5 x 75 in lamp head measures 10.5 inches high by 9.5 inches long and wide
Weight	18 lbs
Dimensions	17 x 16 x 16 in
