

# 90992

## LED 25W 8" RETROFIT CAN

### TECHNICAL DATA SHEET

#### FEATURES

- Energy efficient: save up to 80% in energy costs
- High lumen output
- Lamp body is aluminum alloy; anti-corrosion, rust free.
- Anti-high temperature silicone rubber
- Instant-On
- Dimmable only at 120V
- Suitable for TYPE IC or NON-IC
- Wet locations

#### APPLICATION

Retrofits are ideal for retrofitting inefficient fixtures in malls, hospitals, airports, offices, lobbies and other commercial applications.

#### SPECIFICATIONS

|                     |                               |
|---------------------|-------------------------------|
| Power Consumption   | 25W                           |
| Input Voltage       | 100-277V                      |
| Lumens              | 1950 Energy Star® / 2000 LM79 |
| Luminous Efficiency | 78 / 80 Lm/W                  |
| Color Temperature   | 3000K                         |
| CRI                 | 80                            |
| Base                | Direct Wire                   |
| Housing             | Aluminum Alloy                |
| Finish              | White                         |
| Dimensions (Inches) | 9"(DIA) x 5.25"(H)            |

#### LIFESPAN & ENVIRONMENT

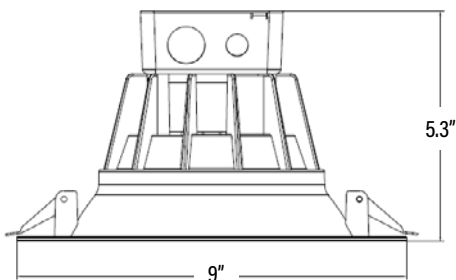

|                       |              |
|-----------------------|--------------|
| Average Life          | 50,000       |
| Operating Temperature | -40°C ~ 40°C |

*Dimmable*  
**LED**  
Only dimmable at 120V

SUITABLE FOR  
**WET**  
LOCATIONS

#### DIMENSIONS

#### DIMMER COMPATIBILITY AT 120V ONLY
