

Product Description

Gama Sonic EZ-Anchor Mounting System

The Gama Sonic EZ -Anchor GS-3 lamp post base kit makes installation of a Gama Sonic solar lamp post a simple DIY process without digging or pouring of concrete required.

With the EZ Lamp Post Anchor, you're able to install your outdoor solar lamp post yourself. Simply locate your desired spot, attach the 24-inch Aussie Auger to the anchor base, screw it into the ground to a depth of about 16-inches with the supplied turning bar, add the secondary support stakes, and use the adapter ring bolt to the lamp post on to the anchor base. That's it. No wiring, tools, or hassles!

Use the EZ Lamp Post Anchor to install the following products:

[GS-94-S](#) , [GS-94B-S](#) , [GS-97B-S](#) , [GS-97NS](#) , [GS-98-S](#) , [GS-98B-S](#) .

The EZ-Anchor is for installation of ONLY these SINGLE head lamp posts.

A built-in leveler on the anchor base helps ensure a straight, secure installation.

The EZ Lamp Post Anchor kit works only with Gama Sonic products.
