

Product Description

Gama Sonic is proud to introduce our newest outdoor lamp post GS-DP55F-W. This elegant Victorian style white outdoor accent pole will add beauty to your yard or walkway with simple, clean lines and a tapered outline. This outdoor solar lamp post is the perfect DIY solution to enhance your curb appeal and it can be placed along your pathway, front or backyard, and garden.

This 68-inch tall post has a mount that measures 3-inches outside diameter that fits most standard 3-inch post mount outdoor light fixtures.

Complete Your Outdoor Lighting Collection with This Outdoor Lamp Post

Upgrade your existing light fixture by pairing this pole with your current outdoor solar lamp with a 3-inch fitter mount.

If you are looking to create a complete outdoor solar lamp post set – you can easily achieve this cohesive look with our Victorian solar light (model [GS-94FPW White](#)) or the Baytown solar light (model [GS-106FPW-W](#)). Both models easily coordinate with our outdoor lamp post pole and carry the same white powder-coated cast aluminum finish.

Constructed with weather-resistant, rust-resistant cast aluminum this outdoor solar lamp post is built to last and will highlight your outdoor landscape.

The outdoor lamp post has a sturdy 9-inch diameter base (bolts are included) and can be installed with the Gama Sonic GS-3 EZ Anchor Kit (sold separately).
