

EXCLUSIVELY AVAILABLE FROM HYDROFARM

NEW!

Upstart GardenMat™

All-in-one planting mat that Jump Starts your garden!

INCLUDES, MAT, SEED BALLS, AND IRRIGATION HOSE

Simple to use—just roll the mat out on your prepared patch, staple it down, attach your hose, and then plant seeds using the included 65 non-gmo “seed balls.” Match the included herb, vegetable, and flower seed balls to the labeled mat and press them into the soil. Water by hand initially then irrigate daily for 10-15 minutes (or as needed) and watch them grow!

The Upstart Garden Mat™ blocks weeds and acts as a water saving mulch while the built-in soaker hose keeps watering simple. Get started growing your own food and herbs with the Upstart Garden Mat.

The 14 seed varieties provided in clay seed balls are tomato, marigold, beets, chard, basil, kale, onions, salad bowl, carrots, radish, jalapeño, bell pepper, chives, and spinach.

ITEM CODE	DESCRIPTION
JS9002	Upstart Garden Mat, 4'x 6' - Complete Kit w/65 Non-GMO Seed Balls
