

SURGE PROTECTOR 10kV

PRO

DIMENSIONS

- ⌚ For use with HID LED lamps
- ⌚ Protects against lightning and overvoltages
- ⌚ IP65 rated for wet locations
- ⌚ Results in extended lamp lifetime
- ⌚ Helps reduce overall operating costs

RECOMMENDED USE

HID LED LAMPS

For use with the 80W, 45W, 27W and 18.5W HID LED lamps, this surge protector prevents the lamp from being damaged due to an overvoltage caused by events such as lightning. This solution can result in longer lamp lifetime and greatly reduce overall maintenance costs.

SPECIFICATIONS

Product
Model

97718
10SURGE/277V

Type

SURGE PROTECTOR 10kV

Max Operating Voltage

120-277V 60Hz

Surge Rating

273 Joules

Dia. x Mol

1.34"x2.52" (34x64mm)

Weight (lb. / g)

0.26lb. / 118g
