

# LED Wet Location & Dry Location Striplights

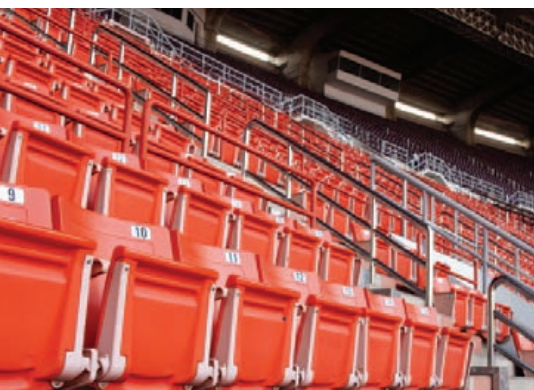

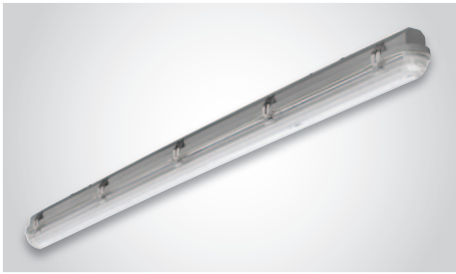

## Affordable LED technology for everyday demands.

Lithonia Lighting has expanded in an exciting new direction with the addition of two competitively priced LED striplights — one for **wet locations** and one for **dry locations**. Both fixtures offer:

- Competitive price
- Slim profile that fits in the palm of your hand
- One-for-one replacement of a 1-lamp T8 fluorescent
- 25% energy savings over T8 (24W input)
- Predicted life of more than 50,000 hours (up to 10 years based on 8-hour/day operation)
- 4000K color temperature
- 88 color rendering index (CRI)

**CONTRACTOR  
SELECT**

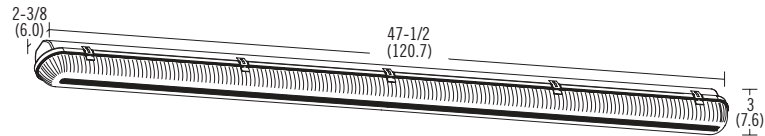

Dimensions are shown in inches (centimeters).

### LED Wet Location Striplight

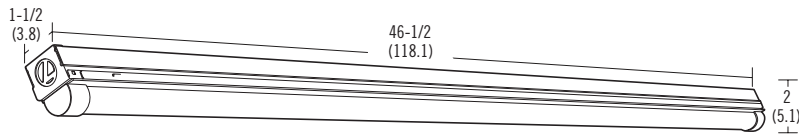

- Enclosed and gasketed to protect fixture from dust, dirt and moisture; UL Listed for wet locations
- Clear polycarbonate lens provides maximum light output and impact resistance
- Surface mount horizontally or vertically to the wall or ceiling; not for continuous row mounting
- 1800 lumens

Dimensions are shown in inches (centimeters).

### LED Dry Location Striplight

- UL Listed
- Low glare, diffuse acrylic lens
- Surface mount horizontally or vertically to the wall or ceiling; not for continuous row mounting
- 2100 lumens
