Warning:

- To reduce the risk of death, personal injury or property damage from fire, electric shock, and other hazards, please read all warnings and instructions included with and on this product prior to use.
- Make sure the outlet or extension cord is designed and approved for outdoor use and for use in wet locations.
- Do not alter the plug.

WARNING:

When using outdoor use portable luminaires, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and personal injury, including the following.

- a) Ground Fault Circuit Interrupter (GFCI) protection needs to be provided on the circuit(s) or outlet(s) to be used for the wet location portable luminaire. Receptacles are available having built-in GFCI protection and are able to be used for this measure of safety.
- b) Use only with an extension cord for outdoor use, such as an extension cord of cord type SEW, SEOW, SEOOW, SOW, SOOW, STW, STOW, STOOW, SJEW, SJEOW, SJEOWW, SJW, SJOW, SJOOW, SJTW, SJTOW, or SJTOOW.

This portable lamp has a **POLARIZED** plug (one blade is wider than the other) as a feature to reduce the risk of electric shock.

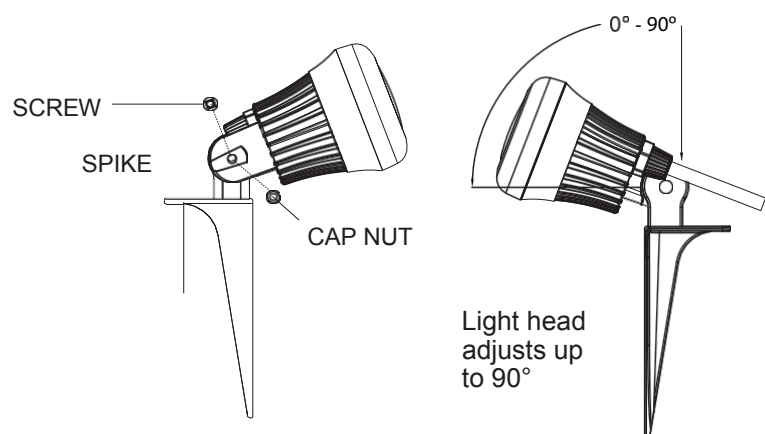

This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician.

How to Use:

Insert the spike into ground, adjust the light to the desired angle and tighten cap nut to lock into place. Plug into outlet or extension cord.

Important Tips:

- Make sure the light head does not touch the ground
- Keep area clear from debris
- Do not open or try to remodel this item
- It is not possible to replace the LED light source
- Do not alter the plug
- Never use with an extension cord unless the outdoor accent light cord can be fully inserted
