

LED LAMPS

Heat-to-Base

The advanced Heat-to-Base structure allows quick heat transfer. It helps to lower the junction temperature of LEDs and at the same time maintain the glass shape design.

ProLED[®] Sign Lamp Series

Ideal LED solution for replacing Incandescent or Cold Cathode sign lamps

- White
- Yellow
- Orange
- Red
- Blue
- Green

Long Life Reduces Maintenance Cost

Designed For Rapidly Flashing Sign Applications

5-Year Limited Warranty

Applications:

Outdoor Sign
Retail

Markets:

Residential
Commercial

ProLED[®]

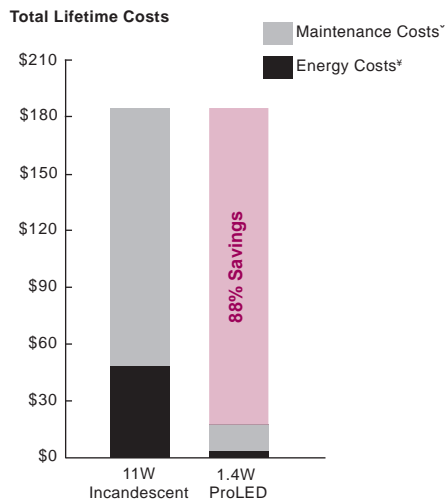

Sign Lamp Series

Specifications

- Dimmable
- Unique "Heat-to-Base" structure allows for heat to be dissipated through the lamp base minimizing the need for a visible heat sink
- UL Listed for wet locations
- Available in red, blue, green, yellow, orange, white and clear 2700K options

Energy Savings Comparison

* Maintenance costs based on 15 minutes at \$40 per/hr
[‡] Energy costs based on \$0.11 kWh

☼ NEW ITEM

* Useful Life is defined as the point in time at which the lamp will maintain at least 70% of its initial lumens. The lamp will continue to burn past this point, but at decreased light levels.

Warranty – Commercial / Industrial: This product is warranted for 5 years from the date of purchase, based on 10 hours of use per day.

Not for use in enclosed fixtures.
