# ProLED® Pool Bright Lamps

## Specifications

- 6500K provides blue green spectrum that emphasizes water's natural beauty
- Penetrates water more efficiently than the red and orange spectrum emitted by Incandescent lamps
- Long life makes this an ideal choice for applications where replacement and maintenance is difficult
- UL listed for peace of mind safe operation<sup>2</sup>

## Savings Comparison

\* Maintenance costs based on 15 minutes at \$40 per/hr  
 † Energy costs based on \$0.11 kWh

## Ordering Information

Watt	Bulb	Base	Product #	Product Code	Volts	Color Temp.	Lumens	Useful Life*	CRI	Dimmable	Pkg. Qty.	MOL	Equivalent Wattage

\* Useful Life is defined as the point in time at which the lamp will maintain at least 70% of its initial lumens. The lamp will continue to burn past this point, but at decreased light levels.

† Represents lamps that are ENERGY STAR® certified.

Warranty – Commercial / Industrial: This product is warranted for 5 years from the date of purchase, based on 10 hours of use per day.

Warning: Due to multiple input voltage integrated circuits, this product is not compatible with dimming devices.

Note: May not be compatible with all electronic transformers. Approved for enclosed pool fixtures.

† Not for use in spas.

2. UL listing for 120V version only.
