Designer wallplate opening

Maestro Wireless. dimmers, switches and sensors

Product family features

- Uses Lutron's Clear Connect™ Radio Frequency (RF) Technology which provides reliable RF communication
- Typical range of Pico™ wireless control is 100 ft line-of-sight, 30 ft through walls and floors
- True multi-location dimming from every location
- · Tap on to favorite level; tap off; tap twice for full on
- Touch rocker to adjust light level
- Delayed off provides light as you exit the room
- Line frequency compensation maintains stable light levels, despite power line frequency and voltage variations
- Combine devices to create a system of up to ten wireless devices, dimmers, switches, sensors and/or wireless controllers
- · Mechanical air-gap to disconnect load power
- 100% factory tested
- · Battery included with wireless controllers
- (7.6 mm) Coordinating Claro®, Satin Colors® and Stainless Steel wallplates only available separately
 - Custom engraving available for wallplates, see pg. 155

Control types

b Single-pole (one location)

Multi-location dimming (up to ten locations)

Image: Optimized in the image of the ima

Direct load type compatibility

- Incandescent/halogen lighting
- Z= Fluorescent lighting
- LED lighting

Load type requiring load interface

Electronic low-voltage lighting

Lighting load interfaces may be applicable for some additional load type, voltage and capacity combinations.

For additional information, see pg. 174.

Shown actual size: Maestro Wireless dimmer and 1-gang Claro wallplate in White (WH), with

a Pico wireless control in White/Gray (WG).

(66.68mm) x D: .33in (8mm).

Shown actual size: Pico wireless control in White/

Gray (WG), W: 1.25 in (31.75 mm) x H: 2.625 in

Available finishes

*Coordinating wallplates only available separately. For wallplate information, see pg. 160.

Stainless Steel wallplate includes black plastic trim/adapter, visible from side. Match with separate Black (BL) or Midnight (MN) controls.

Dimmers, switches and companion dimmers/switches

Wireless dimmers

Designer

- Tap on to favorite level; tap off
- Tap twice for full on
- Press, hold and release for delayed fade-to-off
- Touch rocker to adjust light level
- Provides true dimming from each location (with companion dimmers)

Companion dimmers

- For use with multi-location dimmers only, use up to nine companion dimmers with only one Maestro Wireless multi-location dimmer
- Provides true dimming from every location

Wireless switches

- Tap switch on/off
- For multi-location switching, use Maestro Wireless® switch with Maestro companion switches

Companion switches

 For use with multi-location switches only, use up to nine Maestro Wireless companion switches with one Maestro Wireless multi-location switch

Sensors and lamp dimmers

Radio Powr Savrm wireless occupancy/vacancy sensors

- Automatically turns lights on and/ or off based on space occupancy
- Uses Lutron's reliable Clear Connect™ Radio Frequency (RF) Technology
- Eliminates power pack and wiring expense
- Wall controls remain fully operable during automatic shut-off by sensor
- Battery included (10 year battery life)
- See pg. 144 for further details

Radio Powr Savrm wireless daylight sensors

- Automatically adjusts electric lighting levels based on amount of daylight entering a space
- Uses Lutron's reliable Clear Connect™ Radio Frequency (RF) Technology
- Battery included (10 year battery life)
- See pg. 146 for further details

Plug-in wireless table top lamp dimmers

- For use with table and floor lamps only
- · Easy to install, requires no wiring or tools
- Cord is 6ft (1.8m) long

Plug-in wireless lamp and appliance modules

- Dimming module designed to control table and floor lamps
- Appliance module recommended for computers, printers, lamps and fans
- Cord is 2ft (0.61 m) long

Wireless controls and accessories

Picotm wireless controls (3-button with raise/lower)

Designer

- Recalls favorite light levels for up to nine dimmers, plus on/off and adjust for fine tuning of light levels
- · "On," "Adjust," "Preset" and "Off" functions from a range of up to 100ft
- · Can be a wall-mount, tabletop, car visor or handheld control
- Surface mount and car visor clip included
- Battery included (5 year battery life)

Pico wireless controls (3-button)

- · "On," "Preset" and "Off" functions from a range of up to 100ft
- Can be a wall-mount, tabletop, car visor or handheld control
- Surface mount and car visor clip included
- Battery included (5 year battery life)

Pico wireless controls (2-button with raise/lower)

- "On," "Raise/lower" and "Off" functions from a range of up to 100ft
- · Can be a wall-mount, tabletop, car visor or handheld control
- Surface mount and car visor clip included
- Battery included (5 year battery life)

Pico wireless controls (2-button)

- Simplified all on and off buttons that are easy to understand
- Can be a wall-mount, tabletop, car visor or handheld control
- Surface mount and car visor clip included
- Battery included (5 year battery life)

Available finishes

Use **BOLD** color code in model number (Example: MRF2-3BRL-**BL**) For use with 3-button with raise/lower, 3-button, 2-button with raise/lower and 2-button models.

Wallplates

Designer

- Use Claro® wallplates for a wall-mounted application, see pg. 160 for colors
- Single, dual and multi-gang configurations available
- Surface mount at any location (no wallbox required)

Pedestals

- The pedestal is available in a single or dual configuration for using the Pico as a tabletop control
- Available in White (WH) or Black (BL)

Single pedestal configuration

Dual pedestal configuration
