8RB SERIES

96" 2 lamp LED Ready Retrofit Kit

This PLT eight foot strip retrofit kit converts an eight foot strip to either 2 or 4 LED T8 lamps. The kit works for 4.25 or 5 inch wide strips. It will save over 40% of the energy while providing excellent light output. Unlike strips that utilize LED arrays and drivers, these fixtures have the flexibility to change wattage, lumens, color temperature simply by changing the lamps without need to call a licensed electrician.

KIT INCLUDES:

- (1) 96 in. Ballast cover with lamp holder cut outs
- (1) Ballast mounting plate
- Short Lamp Holders (style & quantity as specified)
- (8) #8 x 3/8" TEX mounting screws

Catalog Number: PLT-50108

Notes: 2 Lamp 8 ft. Led Retrofit Kit
