

Finally an **LED Gimbal family** with a complete range of sizes — introducing the 4", 5" and 6" LED Gimbal Downlighting Modules.

The LED Gimbal downlighting modules are **adjustable and easy to install** — fitting into most common 4", 5" and 6" housings in retrofit and new construction application types. The fixtures provide **directional lighting for accent and sloped ceiling applications** and have an **LED life**

of 35,000 hours — 80% more efficient than incandescent luminaires. They are available in white, black, oil-rubbed bronze and brushed nickel finishes.

- 4", 5" and 6" product **fits most common industry housings**
- Similar light to a 50w and 65w general purpose flood
- **Over 35° tilt in both directions** with 180° rotation

Oil Rubbed Bronze

Matte Black

Matte White

Brush Nickel

Whether for **new construction** or **retrofit projects**, installation is easy. LED Gimbal directional fixtures are made for accent and slope ceiling recessed lighting needs!

4G1

Lumen output	435
Replaces up to	50W incandescent
Watts	7.9
Lumens per watt	55
CRI	83
Color temperature	3000k
Finish options	Matte White Matte Black Oil rubbed bronze Brushed nickel
Life	35,000 hours
Dimmable	Triac dimmers; down to 15%
Mounting	Friction Clips

5G1

Lumen output	600
Replaces up to	65W incandescent
Watts	10.8
Lumens per watt	55
CRI	83
Color temperature	3000k
Finish options	Matte White Matte Black Oil rubbed bronze Brushed nickel
Life	35,000 hours
Dimmable	Line Voltage dimmers; down to 15% or better
Mounting	Torsion springs

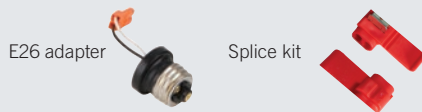

6G1

Lumen output	620
Replaces up to	65W incandescent
Watts	10.8
Lumens per watt	57
CRI	83
Color temperature	3000k
Finish options	Matte White Matte Black Oil rubbed bronze Brushed nickel
Life	35,000 hours
Dimmable	Line Voltage dimmers; down to 15% or better
Mounting	Torsion springs

Retrofit and Compatibility Tools: Housing Compatibility and Dimmer Compatibility
