

Catenary LED

Decorative Linear Luminaires Featuring Switchable White

Attractive Luminaires with an Integrated Color Temperature Changing Switch

The Lithonia Lighting® 48" Catenary LED luminaire with Switchable White delivers general ambient lighting for flush-mount ceiling applications and features a switch for easy color temperature adjustment. This decorative linear fixture delivers long life and excellent color to ensure a quality, low-maintenance lighting installation. The durable acrylic diffuser provides even illumination and softens the appearance of the LEDs for improved aesthetics. The Catenary LED luminaire makes an impression in kitchens, offices, hallways, corridors, foyers, bedrooms, closets, utility rooms and other areas in need of a decorative touch.

Features

- Ability to change between 3000K, 4000K (factory default) and 5000K color temperatures with the flip of a switch and cater to the needs of a space; 90+ CRI
- Easy access to the three-position color temperature switch by removing the diffuser; no tools required
- Maintenance-free, 50,000-hour operation
- 3,100 to 3,800 delivered lumens, based on color temperature chosen
- 120V operation; dimmable with most standard incandescent dimmers – see specifications
- Decorative steel end caps in a choice of brushed nickel or bronze finish
- ENERGY STAR® certified
- Damp location listed

Catenary LED with Switchable White

The innovative Switchable White feature incorporates a switch on each fixture for simple color temperature adjustment. Too warm or too cool? Simply toggle the integrated switch to the 3000K, 4000K (factory default) or 5000K setting and you are done! Whatever your application, luminaires with Switchable White are sure to give you the feel and flexibility that you need.

The Switchable White Feature Advantage

1. Convenience and value of a 3-in-1 luminaire, containing three integrated color temperature options
2. Flexibility to switch color temperature during installation to suit a specific application
3. Post-installation color temperature adjustment at the flip of a switch
