¹ Audible noise may be observed when used with this dimmer, depending on the application.

² This dimmer has low end trim adjustment that may be used for optimal performance.

KEY (May exhibit one or several of the described parameters within the group)	
Best	No flicker above 10% Full Light Output, good dimming range. Possible minor pop-on.
OK	No flicker above 20% Full Light Output and/or minor flicker which is hard to find at one specific point above 20%. Some limit of dim-range. Relatively high pop-on position reducing mechanical range.
NR	Use of this dimmer/lamp combination not recommended for the quantity of lamps indicated (# or range) or at all (X).
TBD	Lamp not yet tested with this dimmer, compatibility unknown.

Note: Lamp load is limited to 25% of dimmer's incandescent rating unless other value approved or lower value recommended by dimmer manufacturer.

*Dimmer tested only to the quantity of lamps indicated. May work similarly with additional lamps.
