

Face Masks

Disposable KN95 Particle Respirator

FEATURES

- High density barrier for purification air intake
- Prevents the spread of viruses and bacteria
- Safeguards against droplets and dust
- Dust-proof and breathable
- Prevents pathogens
- Three layer filter

SPECIFICATIONS

SKU PLT-60002
Application Civilian Personal Protection
Bacterial Filtration Efficiency BFE >95%
Color White
Delta Differential Pressure <10mm H2O/cm2
Fastening Type Earloops
Fluid Resistance 80mmHg

Material ... Non-woven fabric, melt-blown fabric,
& filter cotton
Particle Filtration Efficiency PFE >95%
Protection Level ASTM Level 1
Size 6.1 in. x 3.94 in.
Sterility Non-Sterile
Package Quantity 5
