	Maestro C•L	MACL-153M	150	0-100%	Compatible			
Leviton	Sureslide Decora	6674	600	0-100%	Compatible			
	Trimatron	6602	600	-	Not Compatibile			
Cooper	Aspire	9536	1,000	0-100%	Compatible			

GREEN CREATIVE has provided this dimmer switch compatibility chart for guidance when selecting a dimmer and lamp combination. Our lamps were tested for compatibility with the above listed dimmers. Dimmers that do not appear on the chart might still be compatible but have not been tested. All testing has been performed with a stable main supply. The quality of the local main, existing installation and wiring, as well as different manufacturer versions of the above dimmers may affect dimming performance. Since no assurance can be provided regarding these factors, it is a general recommendation to perform a test on-site prior to installing the LED lamps.
