

## LED Strip Installation Instruction

### Cautions:

1. Do not use an electric generator to test this fixture.
2. Please abide by related country, regional and local law and regulations when installing this fixture.
3. Please turn off the power before installation or maintenance.
4. Proper earth grounding is required to ensure safety.

### Notice:

1. To avoid the possibility of electrical shock or fire, the installation personnel must have professional electric knowledge.
2. Please wear gloves to avoid injury before installation.
3. If any smoke or spark of the wire occurs, please turn off the power immediately and notify relevant personnel.

### Attention:

1. Please check if there is any damage during shipping. If so, please contact manufacturer at once.
2. Please read the installation instruction carefully to check whether all the accessories are complete. After confirmation, then install the fixture according to installation steps.

### Wiring Diagram & Instruction:

3 dimming functions are available in this high bay light:

1. Constant current can be achieved by 0-10VDC dimming;
