

Warranty

* Fortified LEDs warrants to the purchaser that this fixture will be free from defects in material or workmanship for a period of 5 years from date of manufacture, when operated at a maximum ambient temperature of 131°F or 55°C, when properly installed and under normal conditions of use.

The warranty excludes damage resulting from improper installation or damage caused by fire or severe weather conditions including, but not limited to, lightning and storms. Evidence of direct exposure to water inside the fixture housing on the failed units due to improper installation voids the warranty.
