

# Installation Instructions

Patio String Lights - Page 1

Read These Instructions Completely and Carefully

## WARNING

- DO NOT LIGHT PRODUCT WHEN COILED ON REEL OR LOOSE TOGETHER
- DO NOT HARDWIRE
- Power off before installing or replacing fuses or replacing bulbs
- Keep clear of combustible objects

## CAUTION

- Stringer may need to be cut in order to not exceed maximum wattage (Total lamp watts x sockets = wattage)
- Suitable for indoor or outdoor use with GFCI protected circuits
- Install fused polarized plugs or fuse within 6" of plugs
- Stringer is not connectable
