- 1 Controller

INSTALLATION

NOTE: DO NOT DRAPE CORD. KEEP AWAY FROM CHILDREN.

Before beginning installation of product, make sure all parts are present. If any part is missing or damaged, do not attempt to install the product. No tools are required for installation.

STEP 1: Carefully unpack string lights from box. Straighten string lights, eliminating any kinks before using.

STEP 2: Each string light is designed with a universal keyhole for mounting with lights hanging downward. Hardware options (not included) screws, nails, zip ties, hooks and more.

STEP 3: Before plugging power cord of lights into a wall outlet, make sure each light bulb is securely fastened. Install the bulbs into the sockets.

STEP 4: Connect the string light with the controller and adapter.

STEP 5: Plug string light into the nearest outlet. Installation is complete. Turn power ON.

STEP 6: Via the control button on the driver, toggle through the functions:

- Warm White – ON
- Cool White – ON
- Warm and Cool White – ON
- RGB – ON
- OFF
- Press and hold on for 5 seconds to connect APP

STEP 7: App Connection: To connect your device, download the free “Starfish Smart Lighting” App from the app store. Please refer to our Starfish User Guide for detailed instructions on how to pair your device.
