

QTL Series High Bay

Product Specifications

The QTL Series High Bay family features a lightweight extruded aluminum body, 2FT and 4FT length options and up to 60,000 lumens resulting in a versatile solution for endless applications. The included mounting hardware makes the QTL Series High Bay by TCP quick to install and will provide a long-lasting, durable light source for years to come.

Take control of your lighting with our TCP SmartStuff accessories such as the SmartBox and smart high bay sensor. Install select motion/daylight sensors to control SmartBox high bays, set groups for aiseways or set timers and schedules - with TCP SmartStuff, you have options.

Reasons to choose the LED QTL Series High Bay from TCP

- Lightweight, Quick Install Construction
- Uplight, no cave effect
- Standard frosted lens for glare control
- No shadows for smooth, even lighting
- Damp location rated
- 0-10V smooth dimming
- 250 or 400W HID equivalent
- 50,000 hour rated life
- Wide 120 degree beam spread
- Optional controls available
- Includes 6 foot power cord
- TCP SmartStuff compatible

Ideal Applications

- High ceiling locations
- Commercial settings
- Industrial settings
- Retail settings
- Warehouses

Applications

The QTL Series High Bay family is a versatile solution for endless applications. With a lightweight extruded aluminum body and included mounting hardware, the QTL Series HB by TCP is quick to install and will provide a long-lasting, durable light source for years to come.

Features

- Lightweight, quick install construction
- Standard frosted lens for glare control
- No shadows for smooth, even lighting
- Damp location rated
- 0-10V smooth, no flicker dimming
- Operating temperature: -4° to 122°F
- 250 or 400W HID equivalent
- Long 50,000 hour rated life
- Wide beam spread due to LED design providing a clean cutoff
- Optional battery backup or motion sensors available
- Includes 6-Foot power cord

Hardware Included

- 2 tong hangers
- 5' jack chains
- 6' pre-wired cord

Installation

Before hanging installation, please consult your local ordinances and building codes.

QTL Series High Bay

A new way to high bay - Linear Strip Application using TCP Quick Connect

TCP Quick Connect System

Step 1:

Align male and female ends of the quick connect triangles

Step 2:

Slide together to fasten

Step 3:

Fasten locking screw until tight

Step 4:

Mechanical connection complete

Step 5:

Use Q5DAISY4FT quick connect cable to daisy chain units together

NOTE:

Electrical Daisy Chain Capabilities using Q5DAISY4FT:
110W model = 8 units in series
