

Ascend[®] Smart In-Wall Timer

Next Generation 7-Day Programmable Timer (STW700W & STW700LA)

Available in White or Light Almond

Save Time and Money Every Time You Install Ascend

The Wi-Fi Ascend Smart In-Wall Timer helps contractors save time on installations while offering homeowners convenient tech-forward features.

Contractor Benefits

- **Save Time** – Save an average of 5 to 15 minutes on every Ascend time switch installation with streamlined smartphone programming options.
- **Wi-Fi Not Required** – Fully set and schedule Ascend with any smartphone or tablet using a secure peer-to-peer communication channel. Wi-Fi is not required for initial setup.
- **Schedule Templates** – Pre-programmed templates fit 80 to 90 percent of timer applications. Schedule Save feature makes it easy to duplicate custom schedules across multiple timers.

Homeowner Benefits

- **Anywhere Access** – Download the Intermatic Connect app to any Apple[®] or Android[®] device to update programming schedules on the fly.
- **Voice Control** – Pair the Ascend Smart In-Wall Timer with Amazon Alexa and the Google Assistant to enable voice-activated commands, including ON/OFF and status check.
- **Standalone Automation** – Get many of the same benefits of a complex home automation system without the hassle - **no hub required**.
- **Longevity** – LCD interface helps new homeowners connect to existing Ascend units, assists when syncing a new smartphone.

Install in minutes using the Ascend Smart Timer app.
