Illuminate In Style

Deco large filament series from GREEN CREATIVE combines the timeless beauty of classic style or simplicity & elegance of modern style with the durability, reliability, and energy savings of advanced LED technology.

Either installed into an existing fixture or simply used as a stand alone fixture, these decorative light bulbs create a pleasant glow for a vintage or modern atmosphere. With unique spiral LED filament design inspired by incandescent bulbs, they fit flawlessly in any setting. Hang over a bar, place above a dining table, give a bedroom a cozy vibe, immerse your guests in a welcoming living room, or use them anywhere you want to create a stylishly relaxed feeling. Your options are abundant for any vintage or modern project.

The deco large filament series also best matches with our E26 base pendant light kit, offered in elegant golden finish or classic black finish.

These bulbs are 120V dimmable for individually customized illumination as well as more energy and cost savings. Full glass design, wet location rated and suitable for totally enclosed fixtures, the bulbs can be installed in various applications indoor or outdoor. Industry-leading long lifetime of 25,000 hours guarantee better durability and reliability.
