

#### FEATURES & SPECIFICATIONS

**INTENDED USE** — Available in 1x4, 2x2 and 2x4 configurations, the LITHONIA® FRAME offers a modern, upscale aesthetic with functionality and performance to match. The Frame features selectable lumen output and switchable color temperature to allow you to fine tune the look and feel of your space. Featuring the latest optical technology, the Frame is designed to provide the same lighting specifications as a traditional LED flat Panel.

**CONSTRUCTION** — At the heart of the FRAME design is the 'snap' together assembly which provides unrivaled value in terms of shipping, storage and installation. The extruded aluminum frame features an outer shield to limit glare while providing uplight to add an asthetically pleasing glow to the ceiling tile above. The remote mount driver features integral T-bar clips to easily mount into the ceiling and allow for easy access for maintenance.

**ELECTRICAL** — Long-life LED's, coupled with high-efficiency drivers provide superior quality of light and an extended service life. 80% LED lumen maintenance at 60,000 hours (L80/60,000). 0-10 volt dimming driver, dims to 10%.

**INSTALLATION** — With an installed depth of only 2.1" and very lightwieight design, the FRAME makes for an easy installation, especially in restricted plenum applications. The FRAME fits into standard 15/16" and narrow 9/16" T-grid ceiling systems. Suitable for damp location.

LISTINGS — CSA certified to meet US and Canadian standards. Damp location listed. IC rated. DesignLights Consortium® (DLC) Premium qualified product. Not all versions of this product may be DLC Premium qualified. Please check the DLC Qualified Products List at www.designlights.org/QPL to confirm which

WARRANTY — 5-year limited warranty. This is the only warranty provided and no other statements in this specification sheet create any warranty of any kind. All other express and implied warranties are disclaimed. Complete warranty terms located at: <a href="www.acuitybrands.com/support/warranty/">www.acuitybrands.com/support/warranty/</a>

#### **Emergency Battery Delivered Lumens**

Total delivered lumens will difer when in emergency power, this can be calculated by using the following formula:

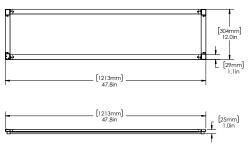

Delivered Lumens = 1x25 x 10W x LPW

Lumens Per watt (LPW) is calculated by Lumens/Wattage
