Volt Batteries

ENR L522BP2.H6 LITH 9V-2 EMOD

Get the most from your high-tech devices with the reliable power of this longest-lasting 9V battery by Energizer; Energizer Ultimate Lithium 9V. Stock up on lithium batteries for smoke alarms and toys, as well as batteries for doorbells and torches. This battery pack is also a great choice if you need an Energizer 9V battery for a shaver. Energizer 9V lithium batteries hold power for up to 10 years while in storage, so they're always ready when you are. And Energizer Ultimate Lithium performs in extreme temperatures - from -40°C to 60°C - for power when you need it most. The Energizer Ultimate Lithium range also includes AA and AAA batteries, so it's easy to find reliable power in the size you need. For rechargeable batteries, search for Energizer Recharge - ideal for frequently-used devices.

Since creating the world's original consumer battery in 1896, Energizer has led the charge in industry innovation with a proud history of firsts, including the world's first AA lithium battery. The brand brings this forward thinking to environmental initiatives too, developing the first ever rechargeable battery system in 1958 and introducing the first zero-added mercury battery in 1989. Energizer Recharge batteries were also the first rechargeable to contain recycled batteries. The company partners with organisations that encourage, inform and empower consumers to recycle non-rechargeable batteries, as well as battery packaging. Depend on the power of Energizer batteries.
