SOLAR POST TOP LIGHT

OFF-GRID

The Solera Solar Lighting Post Top Light features an all-in-one design. The solar panel, light engine and battery are built right into the LED fixture. The Solar Post Top Light is easy to install, just use the supplied screws to secure the light to the pole

ALL-IN-ONE DESIGN →

- No need for a power source, which eliminates the need for wiring and trenching.

- Comparable to 150W HID.

- Fixture turns on at night automatically and can be set to different operating modes (see installation instructions for details).

- Aluminum alloy + polycarbonate material makes it strong and lightweight.

- Li-Ion battery lasts at least 1500 charge cycles and is replaceable.

- Perfect for parks, city streets, school campuses and more…

- Dimensions (H x W): 32" x 16"

- See pg. 2 for photometrics.
