

PATIO STRINGERS W/ LED BULBS & SHADES

WARNING, CAUTION, SAFETY AND INSTALLATION INSTRUCTIONS

WARNING

- Installation, service, and maintenance of luminaries should be performed by a qualified licensed electrician.
- Ensure all parts are accounted for and store packaging materials in a secure area, as they may pose a hazard to children.
- Inspect the stringer before installation. If the jacket or casing of the cable is damaged, the entire stringer must be disposed of appropriately. Do not attempt to fix any damaged products.

CAUTION

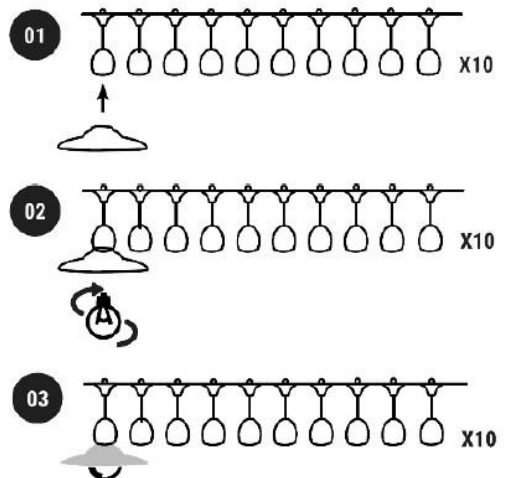

- For use on 120V AC, 60Hz circuits only.
- Do not install near heat sources over 140°F (60°C).
- Do not overload any of the following maximum socket wattage, single stringer wattage, or run wattage capacity. The maximum ratings are:
 - Max wattage per stringer = 250W
 - Max wattage per run = 960W
 - Max wattage per socket = 25W
- Do not staple or nail the stringer into place.
- Do not hang ornaments or other objects directly on the stringer.

NOTICE

- Designed for outdoor use.
- Handle with care. A blow, shock, or drop from a short height may damage product.

Installation Instructions

1. Determine the installation location, making sure that the stringer does not become an obstacle or tripping hazard after installation.
2. Install the stringer.
 - a. If installing the stringer on or around a tree or bush, utilize guide wires, hooks, zip ties, or suspension kits if needed (sold separately) so that the stringer and bulbs do not come into direct contact with the tree, branches, or other hard surfaces.
3. Install the shades, making sure that they fully snap into place (Image 1).
4. Screw in the bulbs (Image 2).
5. After installation is complete (Image 3), plug the stringer into an outdoor rated electrical outlet. To turn the stringer off, unplug it from the outlet.

Replacement Bulbs

- Do not use a bulb with a voltage and wattage higher than those indicated on the stringer markings.

PATIO STRINGERS W/ LED BULBS & SHADES

WARNING, CAUTION, SAFETY AND INSTALLATION INSTRUCTIONS

- Replace lamps with 120V, 1W, S14 LED bulbs.

Maintenance

- Before each use, the stringer should be inspected carefully to ensure that the power cord is not damaged, and the bulbs are not cracked or broken.
- The stringer should also be checked periodically throughout the year for damage, especially after winter.
- Clean the external parts of the stringer regularly with a dry cloth. Never clean with detergent and/or abrasive cloth.

⚠ WARNING

- Before installing, servicing, or performing routine maintenance upon this equipment, follow these general precautions.
- To reduce the risk of death, personal injury, or property damage from fire, electric shock, falling parts, cuts/abrasions, and other hazards, read all warnings and instructions included with and on the fixture box and all fixture labels.
- Proper grounding is required to ensure safety.
- Power must be turned off at the breaker before installation or maintenance.
- This product must be installed in accordance with the applicable installation code by a person familiar with the construction and operation of the product and the hazards involved.
- Wear gloves and eye protection at all times while installing, servicing, or performing maintenance on the luminaire, and avoid direct eye exposure to the light source while it is on.
- To prevent wiring damage or abrasion, do not expose wiring to edges of sheet metal or other sharp objects.
- Do not install damaged product. Inspect luminaire for damage that may have occurred during transit. If damaged, contact the manufacturer immediately.
- These instructions do not purport to cover all details or variations in equipment nor to provide every possible contingency to meet in connection with installation, operation, or maintenance. Should further information be desired or should particular problems arise which are not covered sufficiently for the purchaser's or owner's purposes, contact the manufacturer.

⚠ ADVERTENCIA

- Antes de instalar, reparar o realizar el mantenimiento de rutina de este equipo, siga estas precauciones generales.
- Para reducir el riesgo de muerte, lesiones personales o daños a la propiedad por fuego, descarga eléctrica, caída de piezas, cortes / abrasiones y otros peligros, lea todas las advertencias y instrucciones incluidas con y en la caja del dispositivo y todas las etiquetas del dispositivo.
- Se requiere una conexión a tierra adecuada para garantizar la seguridad.
- Se debe apagar la energía en el disyuntor antes de la instalación o el mantenimiento.
- Este producto debe ser instalado de acuerdo con el código de instalación aplicable por una persona familiarizada con la construcción y operación del producto y los peligros involucrados.
- Utilice guantes y protección para los ojos en todo momento durante la instalación, el servicio o el mantenimiento de la luminaria, y evite la exposición directa de los ojos a la fuente de luz mientras está encendida.

PATIO STRINGERS W/ LED BULBS & SHADES

WARNING, CAUTION, SAFETY AND INSTALLATION INSTRUCTIONS

- Para evitar daños o abrasiones en el cableado, no exponga el cableado a bordes de láminas de metal u otros objetos afilados.
- No instale un producto dañado. Inspeccione la luminaria en busca de daños que puedan haber ocurrido durante el tránsito. Si está dañado, comuníquese con el fabricante de inmediato.
- Estas instrucciones no pretenden cubrir todos los detalles o variaciones en el equipo ni proporcionar todas las posibles contingencias a cumplir en relación con la instalación, operación o mantenimiento. Si desea obtener más información o si surgen problemas particulares que no están suficientemente cubiertos para los propósitos del comprador o propietario, comuníquese con el fabricante.
